TRADEMARK

effect of said material [thereon] on the viscosity of the being's circulating blood.

REMARKS

The title of the invention has been amended to more aptly cover the invention.

Claims 35 - 51 appear in this application. Claim 35 has been amended to ensure that there is consistency in the language used in the claim. In addition Claim 35 has been amended to make it clear that the material need not be introduced or administered into the being's circulating blood, only that it be introduced into the body of the living being.

It is respectfully submitted that all of the claims now appearing in this application are allowable and such favorable action is respectfully requested.

Respectfully submitted,

CAESAR, RIVISE, BERNSTEIN,
COHEN & POKOTILOW, LTD.
